

Gemma & Antoinette Curry

Happy Birthday Gemma!

17/05/2023 it was Gemmas birthday. There is no mistaking that Gemma is the core of Quality Care Time and we all hope that Gemma has a beautiful year ahead!

Health & Social Care is going DIGITAL

Digital transformation of health and social care is a top priority for the Department of Health and Social Care (DHSC) and NHS England (NHSE). By 2024, the government aims to have 80% of care services using digital social care records which is a strong indicator of the direction social care is moving towards.

Happy Birthday Fatma

June 1st is another special day. Fatma is an amazing, friendly & caring member of our team.

To ensure we (Quality care time) did not fall behind in the dark ages, we began using Log my care, however, recently, we have noted a few extra's we would like within our digital system that are not included so we are reviewing another, more integrated digital system that will also include a rota system which will unfortunately stop Gemma doing the rota.

For more information on the white paper and the future digital vision - click this link:

Availability

From 5th June, clients will be able to visit our website and book chosen staff who have provided their availability

[Book Online | Quality Care Time](#)

We (Quality care time) were audited on Wednesday 24th May and despite it being the hardest, most robust audit we have ever experienced - we passed. This will open more opportunities for the company to grow and expand with the supported living

Commissioning Alliance

Thank you

Thank you to all the staff who gave consent to us to place your picture, profile and blog on our website - we appreciate this very much!
