

Gemma & Antoinette Curry

## Thank you to Jobin & Abhi

We are currently setting up our new platform for our company on care control - It's a care management software that will support us as a team to log all communication records, sync rota with timesheets (payroll), book holiday, allows family of our clients to access their families' records - send messages, upload pictures & videos, record medication & much much more.

All staff will be provided with a pin (similar to our current platform - log my care) which they will use to access the system once it has downloaded and they will set their own pin for security. This new platform which should go live within the next week, shall be beneficial to the company and to us staff 😊

We cannot even express how proud we are to have these two amazing members of staff - **Jobin & Abhi**, you really are both assets to our company! Since we started supporting the famous JB in September 2022, your caring team have all given him more & more confidence to do a variety of different activities and last week gave him the opportunity to travel to **Scotland**.

### Changes to the Care Act

As we all know, the government are reviewing the care act 2014. You can find the full list of the changes her: [List of changes made to the Care Act guidance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/care-act-guidance)

An important one for our clients and for our staff to be aware of is the caps on care costs which ultimately affect us all including staff wages, funding for clients, resources ect. **More specifically** - Chapter 23: Guidance on supporting local preparation was deleted as a result of an announcement in the government's [Autumn Statement 2022](https://www.gov.uk/government/consultations/autumn-statement-2022) that the planned adult social care charging reforms are now delayed until October 2025. You can view the chapter that was deleted her: [Supporting local preparation: draft guidance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/supporting-local-preparation-draft-guidance)

### PAY RATE

Since middle of July, all staff who work after 5pm will be paid a higher pay rate.
